

In a webinar last week: Church World Service reported that 1,000 clean up buckets were shipped to Iowa & Nebraska in response to the Spring flooding. 20,000 clean up buckets have been distributed in this fiscal year to date! (June 2018-July 2019)

Warehouse Stocks are now low!

CWS would like to keep 10,000 buckets in stock for immediate distribution but have only 1,000 buckets in stock at this time. CWS relies on congregations and donors to keep their stocks up.

We will receive filled and sealed buckets at our April 30th PNK meeting in Ellsworth. If your congregation is planning on bringing buckets, *please* reply to pireland@pnks.org so we can have adequate trailer and/or vans to receive and transport buckets.

CWS has been a faithful partner with the Presbyterian Disaster Assistance program. Our worship offering from the April 30th Worship will be sent to PDA, designated for Midwest Flooding.

Please reply if you will be bringing buckets!

Thanks

Pat Ireland
PNK Coordinator
